

# Operating and Troubleshooting a CI Pipeline

---

**Nick Russo**

NETWORK ENGINEER

@nickrusso42518 [www.njrusmc.net](http://www.njrusmc.net)

# Agenda

**Refresher: "what right looks like"**

**Pipeline issues:**

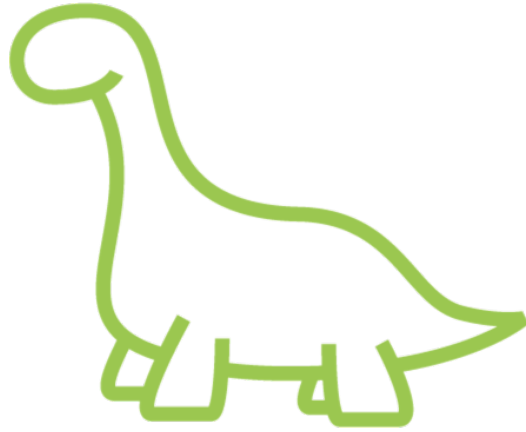

- Missing dependency
- Wrong package versions
- Failed tests

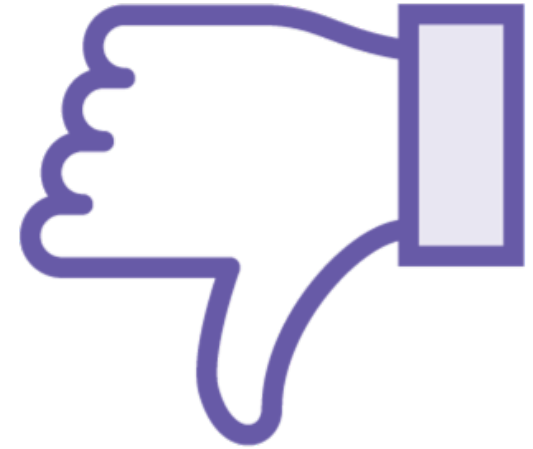

# Why CI Pipelines Fail; My Experiences

Missing dependency

Wrong package  
versions

Failed tests

# Demo

## Running the full CI pipeline

# Demo

**Pipeline failure; dependency problems**

# Demo

**Pipeline failure; failed tests**

# Summary

**Establish a baseline for CI runs**

**Check CI environment (packages, etc.)**

**Ensure tests pass locally**
